

PROGRAM REPORT

PROGRAM : Educational Assistance Program (EAP)
PARTNER/DONOR : La Voix De L'Enfant

As to the UN Convention on Rights of a Child (UNCRC), education is one of the basic rights of the children and young people regardless of race, gender, disability, and whether they are in detention or refugee.

In the Philippines, primary and secondary education are free in public institutions, however due to lack of budget and facilities, schools resorted to collect some fees wherein for some students' families are having difficulties to settle the said fees and most of the time a reason for the students to stop schooling. Aside from the school fees, there are projects, school supplies, books, and transportation cost that needed to address by the parents. Moreover, tertiary education in the country is quite expensive that's why not all who graduated from high school can go to college.

With these arising problems in the aspect of education, Always With You Foundation Inc. (AWYFI) and Association Aloutte in partnership with La Voix De L'Enfant, took the initiative to address these problems by providing educational support through its Educational Assistance Program (EAP). This is in line of AWYFI's mission which is to serve and empower the indigent children, youth, families and communities through education and other support social services.

For this school year 2023-2024, the foundation was able to cater 164 indigent children and youth from (three) 3 provinces in the Philippines (93- Pasay City, Metro Manila; 44- Bangued, Abra; and 27- Sison, Pangasinan). The program responded to the educational needs of its beneficiaries by providing them school supplies, school uniforms and payment of school fees. The program has also provided burial and medical assistance as the additional financial assistance of the foundation to the families.

Aside from the educational and financial needs of the beneficiaries, the foundation was able to conduct the Christmas Gathering with the students and parents wherein the participants participated in the different games with prizes, were served special meal and received Christmas package for them to have a joyful celebration of the Christmas and New Year.

As the school year ends, the conduct of the Tribute to the Graduates was facilitated in a form of cash gifts distribution to its graduates to show appreciation to their hard work and achievement to their studies.

All these provisions and activities conducted were made possible because of the continued support and generosity of La Voix De L'Enfant as a major donor of the Educational Assistance Program (EAP) of the foundation. The beneficiaries are truly grateful for all the support and assistance given to them.

"There is always one moment in childhood when the door opens and lets the future in" - Graham Greene
